

OPERMART data sheet

Product code:	20240101	Condition:	Used	Positive feedback:	0 % Positive feedback
Brand:	VEVOR	Category:	2 Phase	Return policy:	NO
Total:	30	Seller ID:	Hamidreza	Guarantee:	NO
Price:		Seller store:		Fire Zone:	IEC * m IIA T4 *

Short description: VEVOR 2HP SPL Air Compressor Electric Motor, 115/230V, 15/7.5Amps, 56 Frame 3450RPM, 5/8" Keyed Shaft, CW/CCW Rotation, 1.88" Shaft Length for Air Compressors

General data	Electrical data	Mechanical data
Lifting Lugs	Ground Lug	Long life brush system
Serial number	Base RPM	Terminal box position
Frame size	Locked rotor torque	AIR FLOW SWITCH
Cooling type	Breakdown torque	Direction of rotation
Rotor weight	Rated Voltage	Duty cycle(Type of duty)
Year made	Number of Phase	Number of speed
Factory location	Number of poles	Rear Shaft
Body Material	Rated frequency	Cable gland size
Mounting	Rated Speed	No load Noise (SPL 1 meter)
life time	Hot start number	BRAKE
Electrical data	Cold start number	DE bearing
Locked Rotor Time (Hot)	Voltage fluctuation	NDE bearing
Connection type	Temperature class	Shaft type
Rated slip	Rated Current	shaft diameter
Space heater	Rotor voltage	shaft length
Service factor	Rotor current	Paint color
Efficiency (%)	Input power	Temperature Bearing protection
Efficiency class	Power factor	Mechanical Bearing protection
Insulation class	Rated torque	Position of main cable entry
Starting method	Frequency fluctuation	Temperature rise
Rated power	Mechanical data	Environmental data
Locked Rotor Time (Cold)	Bearing type	Altitude ? ASL
Rated Capacitor 1	Fan blade	Design Humidity
Rated Capacitor 2	Air flow	Enclosure Protection
Max safe speed(MSS)	Commutation	Operating Temperature
Detent torque	Lubrication	Maximum Case Temperature
Rotor inertia	Temperature winding protection	Humidity Range (%)
